## Self-Employment in the Arts (SEA)

The Self-Employment in the Arts (SEA) conference has been helping emerging creatives succeed by providing attendees with the business skills, tools, and connections needed to succeed for the last 20 years. We started out as a small local conference and have expanded into a large two-day annual event in Chicago with over 50 presenters as well as our fall regional event with the Collegiate Entrepreneurs' Organization.

At the SEA Annual Conference, you'll have the opportunity to learn from creative professionals, have your portfolio or resume reviewed, ask lawyers and other professionals questions during open office hours, receive one on one mentoring, win money through the Juried College Art Competition or Pitch Competition for Creatives, network with peers from across the region, and so much more. To find additional programming and resources about our events, check out our social media platforms and our website, [www.SelfEmploymentInTheArts.com](http://www.SelfEmploymentInTheArts.com)

*"The SEA Conference was huge for me! I was about to graduate and took notes like a crazy person for two days! The SEA conference helped me become a pro in the artistic world."*

- Caitlin Cavannaugh

### Juried College Art Competition:

- Juror: Chicago Artist, Eric Lee
- Sponsored by Millikin University
- Minimum prize pool of \$800 including Best of Show, 4 Juror's Awards, and a People's Choice Award
- All visual mediums welcome
- Juror's Talk during the SEA Conference
- Open to all college students (full or part time)
- No Entry Fee
- Entry deadline: 1/31/20
- Learn more and enter at [www.SelfEmploymentInTheArts.com](http://www.SelfEmploymentInTheArts.com)

*"I never thought I'd make my own business, but I am! You can too!"*

- Grace Barnett

*"This conference was the best generator of networking possibilities and information resourcing I've ever attended focusing on the business of art."*

- Survey Response
